

BID4Oban Corona Virus Update 6 25th March 2020

We are trying to keep businesses update with the latest information regarding the outbreak of Corona Virus.

Following a conference call with Argyll and Bute Council please see information regarding the latest situation. The council is being inundated with enquiries. The councils primary focus is on Public Health and ensuring the vulnerable in our community are safe and looked after. They are also focusing on supporting the business community and information for businesses is being loaded onto the council website. See links below. The council will administer all claims for financial support from the business community. Some of these MAY be made automatically through the NON-DOMESTIC RATES system. Further advice will appear on the council website and it would be prudent to check this several times every day. Some of the claims will require to be made within a specific time deadline.

We will also post a supplementary information page on our website, as we do want these updates to highlight information specific to the day.

For all updates please visit our website:
